

# Notice of Public Meeting

## Preliminary Presentation about Two Proposed Landmark Districts (See Maps on Reverse)

Staff in the Design and Historic Preservation Section of the Planning and Community Development Department will hold a meeting to discuss proposals brought forward by property owners in two neighborhoods, to designate these neighborhoods as landmark districts (see maps on reverse). This meeting is to inform property owners about the effects of landmark district designation and to answer questions. For designation of a landmark district, the City requires signatures of support from at least 51% of the property owners as well as approvals from the Historic Preservation Commission, the Planning Commission, and the City Council. Each of these approvals requires a public hearing with notification to the property owners.
